

Kamikochi

Chubu Sangaku National Park / Japan Alps

Q How do I get there?

Kamikochi sits on the edge of Matsumoto City in Nagano Pref. 3 hours by train/bus from Tokyo, Matsumoto is an excellent base for your journey as you can access Kamikochi and Norikura in 1.5 hours.

Q When should I visit?

Experience a different Kamikochi as the seasons change.

Mid-April – early May:

Snow-capped mountains

Late May – early June:

Bright green foliage and blooming flowers

Mid-June – September:

A refreshingly cool summer

Mid-October – early November:

Changing leaves

The park is open from April 17 to November 15, and all public facilities and transportation services are closed in winter.

Q What is Kamikochi like?

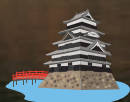

At an elevation of 1,500 m, this picturesque land lies hidden amongst the Japan Alps, a hiking mecca. Encounter nature that remains untouched by human hands.

Q What is there to do?

While mountaineering and camping activities abound, there are other ways to enjoy the park: nature photography, leisurely walks along well-maintained trails, and hot springs. Avoid wearing heels!

Q Can I go by car?

To preserve the environment, private vehicles (including motorcycles) are prohibited. You can take a shuttle bus or taxi from certain pay parking lots.
