Information for
School Excursion

Encounter the learning opportunities that abound in Osaka and Kyoto

Located in the northeast of Osaka, the name Moriguchi is said to have come from the fact that the location was once the guard gate “Moriguchi” for Osaka Castle. Since it prospered as the last post of the fifty-seven stations of the Tōkaidō route, Moriguchi is still a convenient base for enjoying Kansai with easy access to Osaka and Kyoto. We strive to be a hotel that continues to provide opportunities for our guests to repeatedly create fond memories.
