SENDAI UMINO-MORI AQUARIUM

About SENDAI UMINO-MORI AQUARIUM

Fully experience the enchantment of the seas through exhibits on the waters of Japan, including a large aquarium that recreates the fertile ocean in Miyagi and Tohoku, and exhibits of unique ocean creatures from around the world.

1F

01 The Underwater Forest of the Sea Pineapple

Japan's Oceans

-The Ocean Waters of Tohoku-
The Seas of Japan

02 The Sparkling of Life in the Ocean

The gigantic water tank lit by sunlight is a beautiful diorama of the Sanriku seascape.

03 The Cold Oyashio Current

04 A Colorful Ocean of Seaweed

05 Blessings of the Ocean Bay

07 Eelgrass Beds: Cradles of the ocean

08 Tidal Flats: Cultivating sea life

09 The Strangeness of Deep Ocean Waters

10 UMINO-MORI Lab

11 The Hirose River: The source of the ocean - mountains, countryside, rivers

Entertainment Program

Sparkling of Life

Approximately 25,500 Japanese sardines are the stars of a premium performance set to music that showcases schools of fish dynamically swimming in ocean waters.

Food court (1F) wakuwaku ocean

The menu offers bounties from land and sea.

Museum shop (1F) umimori shop

Take home memories of your visit from the gift shop.

UMINO-MORI Beach

UMINO-MORI Beach

PENGUIN LIFE

Visitors can further explore connections with the ocean and living creatures through the lives of Cape penguins, which have many commonalities with humans. The Cape penguin's habitat has been recreated so that the integrated environmental exhibit puts you in their natural environment and you feel as if you're really there.

*Exhibits and program contents are subject to change.
