NOTE

- For wifi rental customer, please note that with our regulations changes, you are not required to send us your passport information any more.
- There will be a charge for cancellation made within 3 business days prior to start of service.
- The nature and conditions of the signal will change from hour to hour. It will become difficult to use when the signal conditions are weak or disrupted. Depending on the location of surrounded mountains or buildings, it may be difficult to catch a signal.
- This service is available only in Japan.
- The starting date of rental refers to the day the customers indicate that they would like to receive the device at the requested location. The final rental day refers to the last day the customers will be using the device.
- Late return charge (1,000 JPY/day) will be required after the next day afternoon of the final rental day without using.
- The return date is judged from the date collected by the post office.
- A device changes depending on the stock availability.

PuPuRu Customer Review

PuPuRu have been sharing so many good memories with our customers from all over the world for nearly 30 years.

PuPuRu WiFi is the best!

Amanda (Australia)

PuPuRu WiFi is the best when traveling in Japan, because free WiFi and hotspots are very hard to find. The plans available are a good price and the devices are easy to use, with fast and reliable connections. The Customer Service is great and they speak English very well. Communication with them is fast and easy. You can pick up your device at airport or have it delivered anywhere you like, and to return the device is simple too. Put it all together in the self-addressed, prepaid envelop and put it in a Japan Post box. Super easy, convenient and fast!

Easy, Reliable, and Irreplaceable

Nick (Australia)

My wife and I travelled to Tokyo, Osaka, Nara and Kyoto from Sydney, Australia. We needed a reliable pocket wifi to get us around and stay connected with family and friends back home.

PuPuRu provided competitive rates and were very responsive to answer any questions that I had. Everything was hassle free and simple in terms of 4 key areas:

picking up the PuPuRu device from Narita International Airport Terminal 2, ease of connection, expansive coverage and returning PuPuRu device until the very end of our stay in Japan by dropping it off at the airport post box.

I would recommend PuPuRu to anyone that is looking for a price competitive product and great service.

Cheers,

PUPURU
