

# Makes shopping in Japan even more fun!

Discover popular products in Japan!

1

Every day, the staff from nearly 13,000 stores in shopping centers all across Japan update our app with the most popular products, including photos. You can find out which goods are the most popular in Japan, especially fashion items, and which stores to buy them at.

Updated daily!

Just scan the product barcode.

2

Whether it's candy or medicine, if you can't read Japanese, use this app to scan the barcode on a Japanese product to get product information and an explanation in multiple languages. (Approx. 100,000 registered products)
