How to book a rent-a-car

By using Tabirai rent-a-car, you can compare and book plans of several rental car companies at one batch retrieval site. It saves you the trouble of checking a few rent-a-car companies one by one, for you can compare more car models, options and charges at once, it is easy to find rent-a-car that suit your plan.

**STEP 1 Search**
By choosing the date, the departure place, the type of car, etc. and pressing the search button, you will see a rent-a-car that meets your needs.

**STEP 2 Comparison**
You can check the name and price of the company offering rent-a-car in the list. Additional options, such as child seats, that can be booked are obvious.

**STEP 3 Confirm the detailed information**
You can review and change the details of the selected plan. It is possible to specify additional services such as changing schedule and sales office of rent-a-car company and child seat.

**STEP 4 Enter information necessary for booking.**
On deciding the plan, fill in the name, e-mail address, flight information etc. for booking.

**STEP 5 Confirm booking information.**
Confirm the booking information. To change the incoming information, return to the incoming screen from the button at the bottom.

**STEP 6 The booking procedure would be completed**
Your rent-a-car car reservation is complete. Booking information should also be sent to you by email.

**notice**
- On-site payment only. You do not need to input your credit card information in advance.
- After you complete the reservation at the Tabirai rent-a-car site, if you go to the sales office of rent-a-car company on the day you designate, you can receive the car.
- You don’t have to confirm in advance to the rent-a-car company.
- Confirmation and cancellation of the reservation after completing booking can be done with "Booking Information BOX". "Booking Information BOX" can be viewed from the mail sent after booking.

---

**Why we recommend rent-a-car for traveling in Japan**
According to the survey by the Japanese government tourist office, in 2015, the number of visitors to Japan who used rent-a-car was about 200,000. There are three big benefits of the rent-a-car use in Japan that goes on increasing year after year!

1) **You can set a traveling plan freely and decide where to go with more options**
By using a car, it will be easier to move to a sightseeing spot or hotel far from the station, making plans for your domestic travel will be much more fun.

2) **You can enjoy the scenery along a road**
You can enjoy the scenery only seen by the drive such as Okinawa's seaside road or wide road surrounded by the green of Hokkaido.

3) **Easy to carry luggage for traveling**
Easy to carry luggage even if there might be lots of items such as clothes and travel goods. It is okay if you might buy a lot of souvenirs.

---

**Three features of the tabirai rent-a-car**
- Equipped with navigation for other languages (display in other languages and voice recognition).
- We only posted plans of big rent-a-car companies, providing safe and secure rent-a-car. Car navigation system, ETC onboard unit, consumption tax, the disclaimer compensation system are all inclusive special rate, very good deal.
- We support you in English.

---

**The bottom rate (12 hours)**
*Including car-navigation, consumption tax, basic premium, indemnity*
